

ATTITUDES AND APPROACHES - TOWARDS MORE GENDER-SENSITIVITY IN YOUTH WORK

SAVE THE DATE

SHORT TERM JOINT STAFF TRAINING 17-21/6/2019, Munich (DE)

“We would have more energy.” “We would have more time.” “We would live!”... Just a few of the statements from the project’s first TPM about what the world would be like if gender was not a problem.

Because we are passionate about making this reality, we are organising a Short Term Staff Training **from 17th June (13:00) to 21st June (14:00) 2019** at the Ausbildungshotel St. Theresia, Hanebergstraße 8, in Munich (DE).

Not only in discussions and reflections, but also by trying out different methods from the field, participants will get a grasp of gender sensitive work with young people. Inputs from external experts will ensure that participants

not only explore gender concepts within the field of youth work, but rather gain a broader understanding of the role of gender in the society as a whole.

We would like to invite you to this exciting Short Term Joint Staff Training in Munich, Germany and are looking forward to gaining new insights and broadening our knowledge on gender sensitive approaches in youth work. This training is open to practitioners working in the field of youth from the project partner organisations who share a common interest in working with youth on the topic of gender.
